

Introducing The Basic Basement

It's about time! A basement interior that comes with everything but the confusion.

Blue Water Design introduces an idea that finally makes a basement upgrade easy. It's BWD's "Basic Basement". Top grade brand name products - with designs that look great - using licensed installers - and all priced right.

A complete 1,000 Sq. Ft. package includes:

- Galvanized steel studs used in wall construction
- Electric, Cable TV & CAT5 wiring
- 1/2" Dry wall, finished and painted
- Complete painted base molding & trim
- 2 X 2 dimensional suspended ceiling (from preselected samples)
- 20 "Eyeball" & "Can" style lights
- 8 dimmers mounted in 2 panels
- Two six panel 36" doors
- 6' custom built dry bar
- 100 sq yds of installed carpeting from preselected carpet samples (Stairs are at additional cost)
- All exposed poles carpeted

Blue Water Design prides itself on treating you to the best in quality and value. From the moment you meet with us for the first time - through your entire project -

- you'll feel the difference.
