

Unique... ...Complete Home Remodeling

- Kitchens
- Bathrooms
- Decks
- Vinyl Siding
- Trim
- Basements

Interior & Exterior Construction with a decided difference:

Blue Water Design prides itself on treating you to the best in quality and value. From the moment you meet with us for the first time - through your entire project -

you'll feel the difference:

- You decide the brand name products that are installed (in fact, you can even purchase them yourself and we can pick them up from your store of choice)
- We supply you with a detailed list of materials and complete pricing for each phase of the project
- We work "One job at a time" which means we start and finish on schedule (No fast start / disappearing act)
- We can set up the project to match your budget and cash flow
- We pride ourselves on leaving the job "perfect" - including complete clean up and removal of all old materials and packaging

**Call us for a free estimate at: (810) 278-1846 or (586) 532-9590
or email us at: info@bluewaterdesign.net**
